ATHLETIC DEPARTMENT

Athlete and Parent Sport's Contract

The coaching staff and administration at FBCS understand that participating in competitive sports takes commitment and determination. We hold our student athletes to standards we feel will benefit them both on and off the court.

Students must maintain a minimum "C" average in each subject and remain in excellent standing with teachers and staff in behavior and conduct.

All athletes are expected to attend all scheduled practices and games. Coaches should be notified by parent or student prior to absence. Missing for ANY reason will leave you unprepared for competition, and the coach has the authority to bench any student tardy or absent.

Parents of student athletes will be required to perform duties at specific sporting events. These duties may include concessions, gate, pre-event set up, post-event clean up, or stat/record keeping.

All athletes will be responsible for the set up prior to an event and cleaning after an event and will not be dismissed until all duties are completed.

It should also be clear that school sports are competitive in nature. With that being said, some players may not participate during game times. Starting positions will be based on skill, ability, and leadership as determined by the coach. This concept should be clear to both athletes and their parents. If this policy is a concern for any parent/student, the student should not sign up for junior high or high school sports.

Based on the above guidelines and requirements, I, (student athlete)

_____, understand my role and obligations to compete in the FBCS sport's program.

Parents, please sign acknowledging you have read the requirements prior to allowing your student to participate.
